Re: Moran v. MTA Metro-North Railroad Company et al.  
19-cv-3079(AT)(KHP)

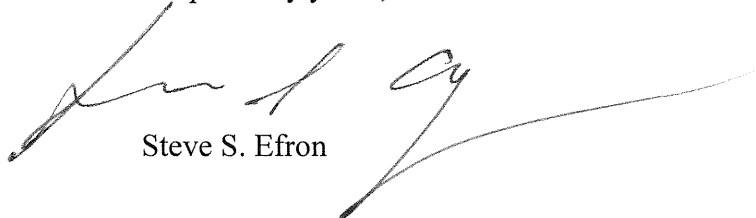

Dear Judge Parker:

This office represents Metro-North Railroad Company and five officers of the Metropolitan Transportation Authority Police Department in this action brought by Thomas Moran, a Metro-North conductor, who allegedly was assaulted, falsely arrested and maliciously prosecuted by the officers. Moran asserts claims of negligence under the Federal Employers' Liability Act, 45 U.S.C. § 51 et seq., and claims of deprivation of constitutional rights under 42 U.S.C. § 1983.

I am writing with the consent of plaintiff's counsel, Mr. George Cahill, to request an adjournment to late January or early February, 2020, of the settlement conference now scheduled for December 18, 2019. This is a second request for an adjournment of the conference. The parties had advised the Court in the earlier request that a settlement would not be feasible before the substantial completion of expert discovery, which includes in this case the reports and potential deposition testimony of a forensic psychologist, expert economists and vocational rehabilitation experts. Judge Torres just recently granted an extension of time to January 20, 2020, in which to complete expert discovery.

Furthermore, the parties have discussed scheduling a private mediation in an effort to reach a settlement. If the parties pursue that option, they will immediately notify the Court.

Respectfully yours,

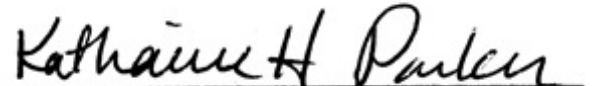

Steve S. Efron
